

COME

VERSE 1:

All who are weary, all who are burdened
All who are broken, all who can't cope
All who are guilty, all who have sinned
All who are empty, desperate and dry

CHORUS 1:

Come come come, come to the fountain
From the well of salvation, come and drink deep
Run run run, into the river
And find your life's greatest peace

VERSE 2:

All who are hopeless, all who've despaired
All who are helpless, the lonely and weak
All of the outcasts, those covered in shame
All of the orphans, be loosed from your chains

CHORUS 2:

Come come come, be found by the Father
Let His radiance burn away all your shame
Run run run, into His shelter
Immerse your heart in the flood of grace

TAG:

Come and find rest. . . Rest for your soul
Come and find rest. . . Rest for your soul
Come and find peace, peace like you've never known
Come and find rest. . . Rest for your soul
